Our approach to care

Our absolute priority is to put our service users first. We aim to provide the best care at all times. One of the main ways we do this is to always listen to ideas about how we can improve our services.

That is why we would like to hear from you or your loved ones, if you have:

- Comments
- Compliments
- Complaints

Please tell us about:

- Your views on any service you have received
- How we could improve what we do
- A service you really like, and why

We value your views. By sharing them with us, you will be helping us to provide the best possible care for all. You can use the form attached to comment or complain.

How do I complain?

If you are not satisfied with the care we are giving you, we hope you will immediately talk to the manager. It is their duty to listen and act upon your concerns.
